## Enjoy Aesthetics, Embrace Grandeur

Building on the iconic design language of Hongqi, the vehicle reinterprets the majestic imagery of towering mountains and cascading waterfalls, as well as the pillar of strength, reflecting the Chinese aesthetic philosophy of "Nobility, Refinement, Artistic Conception".

### ·Dynamic Headlights Insight into the Future

The design of the daytime running light resembles a flagpole standing tall, with the flag gently waving. When illuminated, it transforms into a pillar of light, standing harmoniously next to the vertical grille, enhancing its visual appeal.

### ·Tail Details Agile and Refined

Using straight lines to accentuate the vehicle's width, the gently rising endpoints at the rear are inspired by traditional Chinese eaves, giving the vehicle an elegant and sophisticated look.

## Endless Power, Seamless Journey

Equipped with a 185 kW high-power engine paired with Aisin's latest generation 8-speed automatic hydraulic transmission, delivering smooth, powerful performance for an uninterrupted driving experience.

### ·Efficient Engine, Low Consumption, Super Power

The highly efficient engine, paired with a 48 V mild-hybrid system, provides a rated power of 185 kW and a maximum torque of 380 N·m, offering a dynamic and smooth driving experience.

### ·Smart 4WD, Effortlessly Adaptable

With the latest BorgWarner Haldex intelligent torque management system, the four-wheel-drive system smoothly switches between multiple modes - economy, sport, comfort, and off-road, allowing you to effortlessly adapt to various road conditions.

## Exquisite Luxury Exceptional Quality

The interior design is elegant and refined, enhanced with carefully selected materials and exquisite craftsmanship, creating a luxurious driving experience that engages all five senses - touch, sight, hearing, smell, and taste.

### ·Dynaudio Brand Sound System Immersive, Soundscape

The custom 12-speaker Dynaudio system delivers virtual surround sound, offering an immersive auditory experience that brings you right into the heart of the action.

### ·Wireless Fast Charging, Always Ready to Go

With a three-coil, dual-side 40 W system that supports multiple proprietary fast-charging protocols and features active heat dissipation, it can charge two phones simultaneously, efficiently and conveniently.

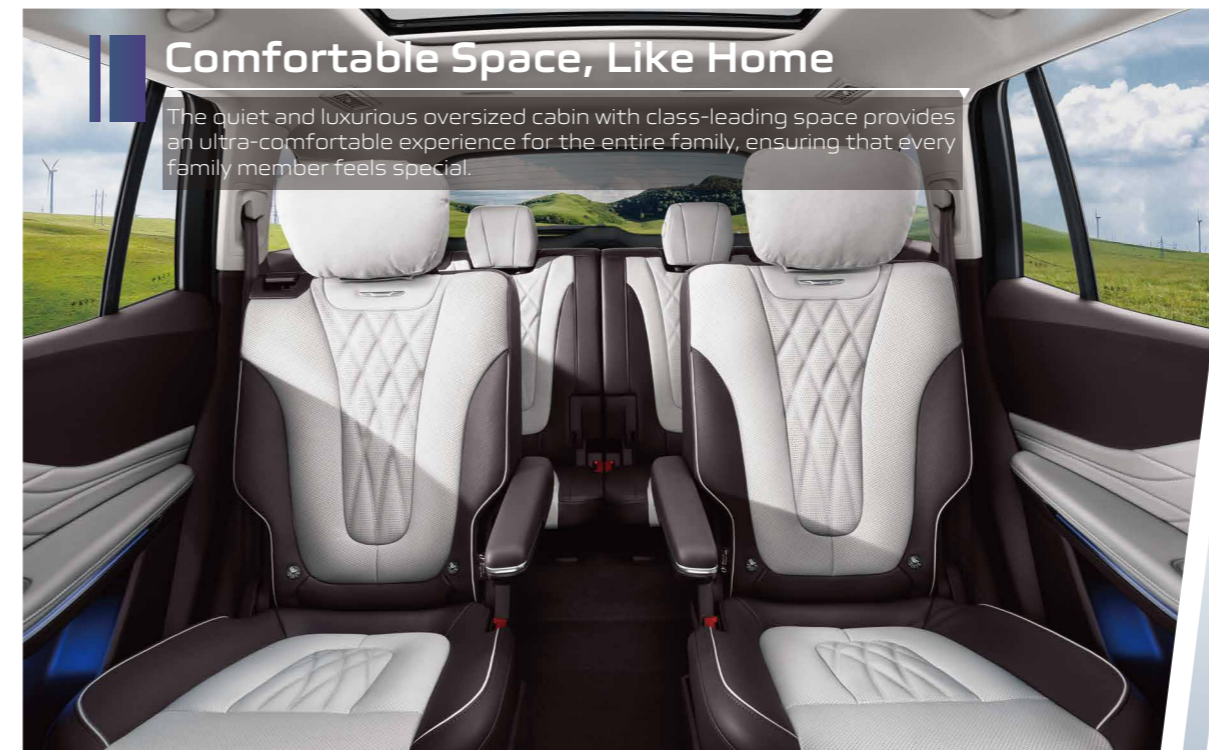

### ·Second-row Small Table, Practical and Convenient

The second-row seats come equipped with a retractable small table to cater to a variety of needs, whether for entertainment, dining, or work, offering versatility and convenience.

### ·Flat-folding Second and Third Rows, Spacious and Relaxing

Both the second and third-row seats fold completely flat, creating vast cabin space. The adjustable headrests can turn into pillows, instantly transforming the vehicle into a luxurious bedroom-like space.

## Comfortable Space, Like Home

The quiet and luxurious oversized cabin with class-leading space provides an ultra-comfortable experience for the entire family, ensuring that every family member feels special.

### ·Exceptional Seating Space Freedom to Stretch

With 989 mm of headroom in the second row and 937 mm in the third row, plus an ultra-wide central gap and long slide rails in the second row, making it easy for passengers to move freely between rows.

## Peace of Mind, Protection, Family Safety

With exceptional active and passive safety designs and features, the vehicle maximizes safety, ensuring peace of mind on every journey.

### ·Active Health Care, Thoughtful Protection

Seats made from leather coated with negative oxygen ions and equipped with a green-clean system that purifies the air inside the cabin, offering a healthier and more thoughtful environment for the family.

### ·Dual Safety Standards, Hardcore Protection

With a high-strength steel frame making up 74% of the structure, a comprehensive flexible occupant protection system, blind spot monitoring, lane departure assistance, and other active and passive measures, the vehicle meets both C-NCAP and C-IASI safety standards.

## Smart Technology, Expertly Defined

A full-stack leader in smart control, smart driving and superior upgraded smart interconnection technology, setting the benchmark for cutting-edge automotive technology and making every journey easier.

### ·ARHUD Head-Up Display, Rich and Three-Dimensional

Breaking the limitations of traditional projection, this system integrates navigation and instrument cluster information, offering a three-dimensional display that presents rich, real-time data in an immersive format.

### ·Tailgate Projection, Effortless Access

Equipped with a trunk projection opening function, simply step on the illuminated projection area until the cursor blinks to unlock and open the trunk lid with ease.

### ·One-Touch Parking, Hands-Free

Featuring a surround-view system that integrates ultrasonic sensors, the automatic parking assist function easily adapts to complex parking scenarios, making parking effortless.
